Career Chronology

Specialist Leader, Deloitte Consulting

October 2014 – Present

Senior advisor to company leadership on DoD and Intelligence Community issues. Managed and delivered over \$10M in new professional services in the past 10 months. Emphasizes collaboration across company practices and geographies for sharing ideas, tools and resources aimed at strengthening our presence in the market. Created new methodology for determining IC customer needs and created an integrated approach on how to evaluate needs into better system requirements. Delivered new data sets from commercial entities to multiple agencies aimed at improving the intelligence collection process.

Director, NRO Mission Integration Directorate, System Analysis Staff

April 2013-October 2014

Responsible for the evaluation and management of a classified acquisition portfolio comprised of 200+ development projects valued in excess of \$1.5B annually. Delivered a program budget strategy to support and enhance new and existing IC challenges as well as linking programs to congressionally mandated programming. Established an advanced and dynamic portfolio management and analytical tool that significantly increased the efficiency of the entire Directorate's delivery of space-based national technical means (NTM) capability.

Director, NRO Pentagon Support Office

July 2011-April 2013

Responsible for representing the NRO to the Office of the Secretary of Defense, The Joint Staff, the Service Staffs and IC partners. Integrated requirements for operational plans and supported planning and execution of NRO programs within DoD budget process (PPBS), representative to the Joint Requirements Oversight Counsel.

Commander 7th Warning Squadron/Deputy Commander 21st Ops Group

June 2008-July 2011

In command with the responsibility of a \$780M Protection Level 1 weapons system executing National Missile Defense and Space Situational Awareness missions. Oversaw and provided oversight for the day to day activities of over 2,000 personnel and contracts supporting nine unique weapons systems.

Headquarters Air Force Space Command

June 2006-June 2008

Deputy Director of Staff for 4,000+ Major Air Force Command directly supported the Commander, 4-star General Officer, on a daily basis. Personally directed all staff actions for the entire command; ensuring timely and accurate information.

Headquarters United States Air Force

Feb 2003-June 2006

Executive Officer to the Deputy Chief of Staff for Operations supported all aspects of senior-level decision making. Determined operational requirement, capabilities and training to support National Security and Military Strategies.

United States Air Force Missile Warning Operations

May 1997-Feb 2003

Personally responsible for the operation of two unique weapons systems providing global Intelligence Surveillance and Reconnaissance data of foreign missile events.

Associate Professor Aerospace Studies University of Notre Dame

August 1994-May 1997

Recruited, instructed, trained and motivated young men and women as prospective AF officers

Civilian/Military Education and Training Highlights:

Bachelors of Science, United State Air Force Academy

Master of Science, Missouri State University

United States Air Force Air Command and Staff College

United States Air Force Air War College
